

Health Connect America is seeking BCBAs/Licensed Behavior Analysts (LBA) who want to join our multi-disciplinary team. We are a trauma-informed, community-focused agency providing home-based Applied Behavior Analysis (ABA) and family support to families and their children. Our Central Virginia region has offices in Harrisonburg and Charlottesville and serves all of the surrounding counties.

Help us build our ABA program by modeling appropriate direct care and then, as the program grows, providing supervision to RBTs/BCBAs/QMHPs. Excellent opportunity for advancement for the right candidate, who will be eligible to move into clinical supervision positions as the program grows! Our current referral rate suggests that this growth could occur very quickly with the right individual providing supervision and structure.

All candidates must be Board Certified Behavior Analysts and have, or are eligible for, licensure as a Licensed Behavior Analyst in Virginia along with at least one year of direct experience working with children and/or adolescents with Autism Spectrum Disorder.

Why choose Health Connect America:

- Competitive base salary with significant earning potential
- Supportive team of coworkers who care deeply about the families we support
- Advancement opportunities

Benefits for full-time employees include:

- Health insurance
- Health Savings Account
- Dental insurance
- Vision insurance
- Short and Long Term Disability Coverage
- 401K retirement plan with employer match
- Life Insurance
- Paid time off
